8. Standard Rose

You may wish to dedicate and adopt a Standard Rose with a plaque memorial. The plaque is the same style as is used for the interment beds.

Standard roses have a single tall stem, topped with foliage and flowers, like a small tree. Beautiful standard roses are planted within the Garden of Remembrance and are available on a renewable lease for a period of 5 years. When they flower, they produce wonderful, coloured petals with a light scent.

We have selected a mix of colours of orange red, yellow, white or pink. We are unable to guarantee which colour would be selected for each application and your rose will normally be the next one in the row which is unadopted but may request a preference if available.

The initial price includes the provision of a plaque bearing a short inscription which is placed in front of each rose. During the lease period the roses and the rose beds are maintained by our staff who will also replace the rose should we consider the need arise. Please note that no other items are permitted in the rose beds. You are permitted plaque(s) in the space provided.
